MXR AUDIO STAND

the foundation of great system performance

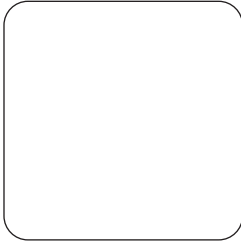

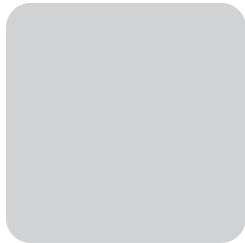

MXR AUDIO STAND

“The MXR Audio Stand is designed to give you reference level HRS performance and the luxury of a hand-crafted exotic finish. The MXR Audio Stand can be built in any finish you desire. We can match your favorite car or speaker color with our premium 12-step paint finish or build a one-of-a-kind masterpiece from real exotic wood veneers. Whether you are selecting one of our recommended finishes or working with us to select an exotic finish specifically for your home, there is no detail left to chance when building the HRS MXR Audio Stand.”

*Michael Latvis, Chief Engineer
Harmonic Resolution Systems Inc.*

The **MXR Audio Stand** is an industry leading design that eliminates noise revealing a new level of musical performance. The frame itself is manufactured from six different materials including billet machined aircraft aluminums and exotic finishes over a composite inner frame structure. The highly acclaimed HRS isolation bases load directly into the MXR frame as the shelf system. The MXR frame optimizes isolation base performance while offering unique flexibility and functionality. It is the last system you will ever need.

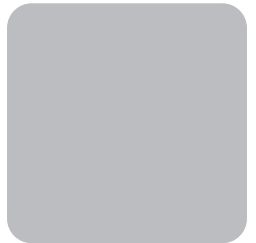

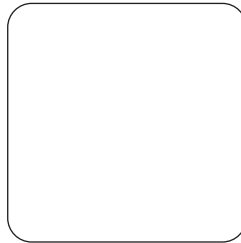

HRS MXR Audio Stand Physical Characteristics

Model Number	Dimensions (w x d x h)		Isolation Base Size			Std. Number of Isolation Bases
	in	cm	in	cm	cm	
MXR-1719-3V	27 x 17 x 31	69 x 43 x 79	19" w 17" d	48 w 43 d		3
MXR-1719-4V	27 x 17 x 41	69 x 43 x 104	19" w 17" d	48 w 43 d		4
MXR-1921-3V	29 x 19 x 31	74 x 48 x 79	21" w 19" d	53 w 48 d		3
MXR-1921-4V	29 x 19 x 41	74 x 48 x 104	21" w 19" d	53 w 48 d		4

Note: MXR Audio Stands are available in many custom configurations including 5V, double-wide, triple-wide and tiered systems. Contact your HRS retail agent for assistance.

- Fully adjustable shelf system
(quantity and location)**
-
- Load range of each shelf
optimized for maximum
performance**
-
- Leveling system with locking
feature for stability**
-
- Infinite cable access
(no vertical or horizontal beams)**
-
- Structure design for optimum
isolation base performance**
-
- Unlimited expandability preserves
initial investment**

Harmonic Resolution Systems (HRS) industry leading performance is derived from decades of engineering experience with audio, defense, and aerospace systems. All products are manufactured in the US by skilled craftsmen using superior techniques, exotic finishes, and proprietary materials. HRS is dedicated to producing the finest audio products in the world.
