R1 ISOLATION BASE

“The R1 Isolation Base was derived from our High Performance S1 Isolation Base design. It has the same primary isolation stage and 60% of the plinth construction of the S1 combined with a new innovative top and bottom panel that offers excellent performance and value for our customers.”

*Michael Latvis, Chief Engineer
Harmonic Resolution Systems Inc.*

The **R1 Isolation Base** is a highly innovative design that eliminates noise revealing a new level of musical performance. It is manufactured from five different materials including a proprietary resonance control stage and billet machined aircraft quality aluminum trim. The R1 load range is matched to the component weight for maximum performance just like our high performance S1 and reference level M3X design. The R1 can also be modified in the future to preserve initial investment. This is a unique product that offers our customers true Harmonic Resolution Systems performance that is derived from a decade of experience creating industry leading designs.

Broadband noise reduction system maximizes performance

Highly effective on wide range of surfaces and structures

Low profile compact design minimizes space requirements

Adjustable load ranges preserves initial investment

Integrates directly into all HRS audio stands without modification

Selection assistance from extensive HRS application library

R1 Isolation Base Physical Characteristics

Model	Dimensions (w x d x h)	
	in	cm
R1-1921	21 x 19 x 3	53.3 x 48.3 x 7.6
R1-1719	19 x 17 x 3	48.3 x 43.2 x 7.6

NOTE: The R1 is available in black or silver finish.

R1 Isolation Base Load Ranges (independent of size)

Load Range	Supported Equipment Weight	
RD (Red)	0-60 lbs	0-27 kg
GN (Green)	60-100 lbs	27-46 kg
BL (Blue)	100-160 lbs	46-73 kg

Wide range of custom solutions for component weights up to 400 lbs(180 kg)

Harmonic Resolution Systems (HRS) industry leading performance is derived from decades of engineering experience with audio, defense, and aerospace systems. All products are manufactured in the US by skilled craftsmen using superior techniques, exotic finishes, and proprietary materials. HRS is dedicated to producing the finest audio products in the world.
