

A black, multi-tiered audio stand is shown against a light-colored, textured wall. The stand has a central horizontal shelf and two vertical side supports. The top surface is flat and features a subtle 'HRS' logo. The stand is supported by four legs, each ending in a conical foot. A grid of light blue rounded squares is overlaid on the entire image. In the top-left corner, there is a small inset image showing a close-up of the top surface with the 'HRS' logo. In the bottom-left corner, there is a small inset image showing a close-up of the stand's leg and foot. In the bottom-center, there are two small inset images: one showing two black cylindrical feet and another showing a close-up of the stand's leg and foot.

HARMONIC RESOLUTION SYSTEMS
VXR AUDIO STAND

the foundation of great system performance

VXR AUDIO STAND

“The VXR Audio Stand has boundless rigidity and performance derived from a new patent pending HRS design architecture that also enables infinite configuration flexibility. The VXR was designed to gracefully adapt to any change you want to make to your system and look as if it was custom made every time. It is our new reference in every way.”

*Michael Latvis, Chief Engineer
Harmonic Resolution Systems Inc.*

The patent pending **VXR Audio Stand** was designed for the individual who desires reference level performance with unlimited current and future configuration options and adjustability. The boundlessly rigid VXR Audio Stand has strategically placed frame-dampening elements to control resonance within the frame, legs and cross member structures. The frame construction consists of custom billet-machined heat-treated aluminum with massive twelve part cross brace systems at each component location to optimize frame stiffness and isolation base performance. The VXR Audio Stand was beautifully designed to be the last audio stand you will ever need.

**Infinite configuration options
(customize your system)**

**Load range of each isolation
base optimized for
maximum performance**

**System configuration can be
expanded or revised at any time
(preserves value)**

**Boundlessly rigid and
unlimited load capacity**

**Adjustments of frame capacity,
shelf quantity and shelf location
can be made at any time
independently of each other**

HRS VXR Audio Stand Physical Characteristics - 1921 Series

Model Number	Dimensions (w x d x h)		Isolation Base Size		Std. Number of Isolation Bases
	in	cm	in	cm	
VXR-1921-1V	26.6 x 19.0 x 7.5	67.6 x 48.2 x 19.1	21.0 x 19.0	53.0 x 48.3	1
VXR-1921-2V	26.6 x 19.0 x 20.0	67.6 x 48.2 x 50.8	21.0 x 19.0	53.0 x 48.3	2
VXR-1921-3V	26.6 x 19.0 x 32.5	67.6 x 48.2 x 82.6	21.0 x 19.0	53.0 x 48.3	3
VXR-1921-4V	26.6 x 19.0 x 45.0	67.6 x 48.2 x 114.3	21.0 x 19.0	53.0 x 48.3	4
VXR-1921-5V	26.6 x 19.0 x 57.5	67.6 x 48.2 x 146.1	21.0 x 19.0	53.0 x 48.3	5

Note: All VXR models are available in Black or Silver finish.

HRS VXR Audio Stand Physical Characteristics - 1719 Series

Model Number	Dimensions (w x d x h)		Isolation Base Size		Std. Number of Isolation Bases
	in	cm	in	cm	
VXR-1719-1V	24.6 x 17.0 x 7.5	62.5 x 43.2 x 19.1	19.0 x 17.0	48.3 x 43.2	1
VXR-1719-2V	24.6 x 17.0 x 20.0	62.5 x 43.2 x 50.8	19.0 x 17.0	48.3 x 43.2	2
VXR-1719-3V	24.6 x 17.0 x 32.5	62.5 x 43.2 x 82.6	19.0 x 17.0	48.3 x 43.2	3
VXR-1719-4V	24.6 x 17.0 x 45.0	62.5 x 43.2 x 114.3	19.0 x 17.0	48.3 x 43.2	4
VXR-1719-5V	24.6 x 17.0 x 57.5	62.5 x 43.2 x 146.1	19.0 x 17.0	48.3 x 43.2	5

Note: VXR Audio Stand can be configured in double wide and triple wide systems. Custom sizes and projects are also welcome. Please contact your authorized HRS retail agent for assistance with your custom project needs.

Harmonic Resolution Systems (HRS) industry leading performance is derived from decades of engineering experience with audio, defense, and aerospace systems. All products are manufactured in the US by skilled craftsmen using superior techniques, exotic finishes, and proprietary materials. HRS is dedicated to producing the finest audio products in the world.
