

VXR AUDIO STAND CABLE ORGANIZER

A Low Noise Floor Is Fundamental

Introduction

Thank you for purchasing the VXR Cable Organizer for your patented Harmonic Resolution Systems VXR Audio Stand (US Patent No.: 10,045,615).

The VXR Cable Organizer attaches horizontally to the back of the VXR Audio Stand with ease, and is a very low-maintenance item that will provide many years of trouble-free performance.

The VXR Cable Organizer is primarily to clean up the look of your system, as well as provide a more cosmetic appearance. The VXR Cable Organizer will secure component cables to the VXR Audio Stand. This adds stability, but it is not intended to be a performance option.

Please read this manual completely prior to assembly and use of your VXR Cable Organizer with your VXR Audio Stand. It contains instructions necessary for proper assembly, use, and care of this system. Proper care of your VXR Cable Organizer and VXR Audio Stand will ensure optimum performance and an aesthetically appealing system.

All HRS products are manufactured in the US by highly skilled craftsmen using superior techniques, exotic finishes, and proprietary materials. HRS is dedicated to producing the finest audio products in the world. To accomplish that, all products advance through a series of intense inspection and approval protocol. All items are inspected 100% to verify the assembly fits are up to our exacting standards. This rigorous protocol, combined with precision design, results in a product that is a pleasure to install, use, change, or expand at any time. From all of us here at HRS, we truly hope you enjoy our product.

Packaging: _____

Setup Instructions

Step 1. Verify that, for each VXR Cable Organizer Grid, there are one Left VXR Cable Organizer Strut, one Right VXR Cable Organizer Strut, four #5-40× $\frac{1}{2}$ " fasteners and four $\frac{1}{4}$ -20× $\frac{3}{4}$ " fasteners (photo 1).

Photo 1

Select a location on the VXR Audio Stand to install the VXR Cable Organizer. HRS recommends that the second hole below a VXR Horizontal Crossmember Subassembly be used for the VXR Cable Organizer, but the ideal location depends on the specifics of your system.

Step 2. Use the $\frac{5}{32}$ " T-wrench provided with your VXR Audio Stand to fasten the VXR Cable Organizer Struts to the bolt plates with the $\frac{1}{4}$ -20× $\frac{3}{4}$ " screws (photo 2). Make sure that the small threaded holes on the VXR Cable Organizer Struts are facing up, and that you are threading into the countersunk holes on the strut. This orientation must be correct for the VXR Cable Organizer to be installed properly. Tighten the fasteners until you can turn the handle of the T-wrench one-eighth rotation without further turning the screws.

Photo 2

Be very careful not to cross-thread the fasteners when assembling the unit. The precision threads should freely spin into the mating parts. If the parts seem to stick, back out and start the thread procedure over until parts assemble with ease.

Step 3. Lay the VXR Cable Organizer Grid on top of the VXR Cable Organizer Struts, and position it so that the holes on both parts align. Make sure the counterbore features on the VXR Cable Organizer Grid are facing up. Use the supplied $\frac{5}{64}$ " Allen wrench to attach the VXR Cable Organizer Grid to the VXR Cable Organizer Struts with the four #5-40 \times $\frac{1}{2}$ " fasteners (photo 3). Torque these fasteners until the Allen wrench bends under additional force.

Care and Maintenance

The VXR Cable Organizer is a very low maintenance item that will provide many years of trouble-free performance by applying these basic care instructions.

Clean the external surfaces of the VXR Cable Organizer using a professional quality ultra-soft lint-free microfiber cloth available in high quality automotive stores. Use a damp cloth if you need to clean dirt from the audio stand. Do not use commercial furniture polishes on the VXR Cable Organizer.

Do not spray, soak, or submerge the VXR Cable Organizer in water or cleaning solutions. Submerging, spraying, or soaking the VXR Cable Organizer may cause permanent damage to the assembly.

Clean the metallic parts of the VXR Cable Organizer using a lint-free soft (non-abrasive) cloth. Use a damp cloth with a mild soap or Pledge Multi-Surface Cleaner if required. Do not use abrasive cleaners or solvents to clean the VXR Cable Organizer, as they will damage the quality of finish. Solvents and solvent-based cleaners will attack and damage some of the materials used in the VXR Cable Organizer, and should never be used.

Limited Warranty

Scan here to register for HRS 5-year Limited Warranty

Harmonic Resolution Systems warrants the product designated herein to be free of manufacturing defects in material and workmanship, subject to the conditions herein set forth, for a period of 90 days from the date of purchase by the original purchaser. **The purchaser is required to register the unit with Harmonic Resolution Systems by visiting <https://avisolation.com/company-warranty/> and completing the limited warranty registration, within 14 days upon receipt of any HRS product. Scan QR code to register for HRS 5-year limited warranty.**

The limited warranty extends the 90 days to a period of 5 years from the date of purchase by the original purchaser, or no later than 6 years from the date of shipment to the authorized Harmonic Resolution Systems dealer, whichever comes first.

This limited warranty is subject to the following conditions and limitations.

1. The limited warranty is void and inapplicable if the product has been used or handled other than in accordance with the instructions in the owner's manual, abused or misused, damaged by accident or neglect or in being transported, or the defect is due to the product being repaired or tampered with or modified by anyone other than Harmonic Resolution Systems. The product must be packed and returned to Harmonic Resolution Systems by the customer at his or her sole expense. A written description of the defect and a photocopy of the original purchase receipt must accompany a returned product. This receipt must clearly list the model and serial number, the date of purchase, the name and address of the purchaser, the authorized HRS dealer, and the purchase price. Harmonic Resolution Systems reserves the right to modify the design of any product without obligation to purchasers of previously manufactured products, and to change the prices or specifications of any product, without notice or obligation to any person. This warranty is void and inapplicable if the product has been handled other than in accordance with the instructions specified within this document, abused or misused, damaged by accident or neglect or in being transported, or the defect is due to the product being tampered with, modified or repaired by anyone other than Harmonic Resolution Systems.
2. The limited warranty does not cover normal recommended care and maintenance. Harmonic Resolution Systems Inc. shall not be responsible in any way for consequential or indirect damages or liabilities resulting from the use of the product covered herein, or, resulting from any breach of this warranty or any implied warranty relating to said product.

3. Harmonic Resolution Systems shall not be responsible in any way for damage to finishes resulting from normal use, or exposure to sunlight or the environment, even within the normal and extended limited warranty period.

During the limited warranty period, Harmonic Resolution Systems will repair or replace any defective components free of charge. A Return Authorization Number (RA Number) obtained directly from Harmonic Resolution Systems is required before any product is returned to Harmonic Resolution Systems for any reason. This number must be visible on the exterior of the shipping container(s) for Harmonic Resolution Systems to accept the return.

Units shipped to Harmonic Resolution Systems Inc. without a visible RA Number on the exterior of the shipping container(s) are subject to be returned to the sender, freight collect.

Units to be repaired by Harmonic Resolution Systems must be sent shipping and insurance prepaid by the original purchaser in the original packaging material. A returned product should be accompanied by a written description of the defect.

Repaired units will be returned by Harmonic Resolution Systems shipping, and insurance will be prepaid by the customer.

All other warranties or conditions, either written or implied, are void.

(MADE IN USA)

All Harmonic Resolution Systems Inc. products are 100% made in The United States of America by skilled craftsmen using only the finest materials and our personal dedication to the highest workmanship standards.
