

HARMONIC RESOLUTION SYSTEMS
SXR AUDIO STAND

a low noise floor is fundamental

SXR AUDIO STAND

“The SXR Audio Stand, which has won product of the year from industry reviewers, is designed to be infinitely configurable and infinitely reconfigurable. The frame can be modified at anytime and will always look as if it was custom built for your system. I spent two years on the design and engineering of the SXR Audio Stand to provide excellent performance, value and infinite flexibility.”

*Michael Latvis, Chief Engineer
Harmonic Resolution Systems Inc.*

The **SXR Audio Stand** is a high performance design that eliminates noise revealing a new level of musical performance. The frame is manufactured from billet-machined aircraft aluminum and strategically placed polymer damping elements. This innovative design concept produces configuration flexibility and exceptional performance. The highly acclaimed HRS isolation bases load directly into the SXR frame as the shelf system. The SXR frame optimizes isolation base performance while offering infinite configuration flexibility and functionality. Any SXR frame can also be ordered in (or upgraded to) a reference level SXR Signature design with the addition of the HRS SXR Solid Brace Inserts.

Infinite configuration options

(customize your system)

Load range of each shelf optimized for maximum performance

Leveling system with locking feature for stability

Structure design for optimum isolation base performance (unique six strut design with strategically located damping elements)

System configuration can be expanded or revised at any time (preserves value)

HRS SXR Audio Stand Physical Characteristics - 1719 Series Height based on 8" component spacing

Model	Dimensions (w x d x h)		Isolation Base Size		Std. Number of Isolation Bases
	in	cm	in	cm	
SXR-1719-1V	25.2 x 17 x 7	64 x 43 x 17.8	19" w 17" d	46.3 w 43.2 d	1
SXR-1719-2V	25.2 x 17 x 18.5	64 x 43 x 47	19" w 17" d	46.3 w 43.2 d	2
SXR-1719-3V	25.2 x 17 x 30	64 x 43 x 76.2	19" w 17" d	46.3 w 43.2 d	3
SXR-1719-4V	25.2 x 17 x 41.5	64 x 43 x 105.4	19" w 17" d	46.3 w 43.2 d	4

Note: All SXR models are available in black or silver finish.

HRS SXR Audio Stand Physical Characteristics - 1921 Series Height based on 8" component spacing

Model	Dimensions (w x d x h)		Isolation Base Size		Std. Number of Isolation Bases
	in	cm	in	cm	
SXR-1921-1V	27.2 x 19 x 7	69 x 48.3 x 17.8	21" w 19" d	53.3 w 48.3 d	1
SXR-1921-2V	27.2 x 19 x 18.5	69 x 48.3 x 47	21" w 19" d	53.3 w 48.3 d	2
SXR-1921-3V	27.2 x 19 x 30	69 x 48.3 x 76.2	21" w 19" d	53.3 w 48.3 d	3
SXR-1921-4V	27.2 x 19 x 41.5	69 x 48.3 x 105.4	21" w 19" d	53.3 w 48.3 d	4

Note: SXR Audio Stand frame systems can be configured in any manner you can imagine. Contact your authorized HRS retail agent for assistance.

Harmonic Resolution Systems (HRS) industry leading performance is derived from decades of engineering experience with audio, defense, and aerospace systems. All products are manufactured in the US by skilled craftsmen using superior techniques, exotic finishes, and proprietary materials. HRS is dedicated to producing the finest audio products in the world.
