

**HARMONIC RESOLUTION SYSTEMS
EXRD AUDIO STAND SYSTEM**

a low noise floor is fundamental

EXRD AUDIO STAND SYSTEM

“The new EXRD brings the magic of a musical performance to a wider audience and a more extensive range of listening environment possibilities, while providing the same high performance and build quality you expect from HRS.”

*Emily McArdle, Sales/Production Coordinator
Harmonic Resolution Systems Inc.*

The Patented EXRD Audio Stand System is built using the same custom HRS engineering technology as the EXR Audio Stand System. This system includes the proprietary HRS-constrained layer damping system for all horizontal shelf surfaces, custom-pressed resin fabric composite top and bottom plates as well as a plinth consisting of billet-machined aluminum front trim. The EXRD comprises a 42" wide shelf, allowing system configuration flexibility. It can support multiple components and a wide range of component sizes on a single surface. The EXRD also has a unique 5-leg asymmetrical vertical support system that increases frame stiffness and overall performance compared to traditional 3 or 4-leg designs. The vertical structure of the EXRD Audio Stand System is a modular precision-machined aluminum support system with an HRS internal energy dissipation system. US Patent No. 11,751,682.

**HRS EXRD Audio Stand System Physical Characteristics
Height based on 8" component spacing**

Model	Dimensions (w x d x h)		Shelf Size		Std. Number of Shelves
	in	cm	in	cm	
EXRD-1942-1V	47 x 21 x 4.8	119.4 x 53.3 x 12.2	42 x 19	106.7 x 48.3	1
EXRD-1942-2V	47 x 21 x 14.5	119.4 x 53.3 x 36.8	42 x 19	106.7 x 48.3	2
EXRD-1942-3V	47 x 21 x 24.2	119.4 x 53.3 x 61	42 x 19	106.7 x 48.3	3
EXRD-1942-4V	47 x 21 x 33.9	119.4 x 53.3 x 85.9	42 x 19	106.7 x 48.3	4
EXRD-1942-5V	47 x 21 x 43.6	119.4 x 53.3 x 110.5	42 x 19	106.7 x 48.3	5

Note: All EXRD models are available in black or silver finish. Please contact your authorized HRS dealer with your desired system configuration.

**HRS DEDICATION
TO MUSIC VIDEO**

Harmonic Resolution Systems (HRS) industry leading performance is derived from decades of engineering experience with audio, defense, and aerospace systems. All products are manufactured in the US by skilled craftsmen using superior techniques, exotic finishes, and proprietary materials. HRS is dedicated to producing the finest audio products in the world.

harmonicresolutionsystems

**A complete audio stand system
ready for your components**

**The low profile (1.5" plinth height)
design minimizes the total
vertical height**

**Available in 1-shelf, 2-shelf, 3-shelf,
4-shelf, 5-shelf, or more
configurations to accommodate all
of your components**

**Can support up to
250 lb. per shelf**

**Infinitely reconfigurable system; you
can add or remove additional
shelves at any time**

**Available in black or silver finish.
(Note: on silver EXRD Audio Stand
Systems, the left and right sides, as
well as the back of the plinth, are a
black finish)**

Available in any depth - 17" to 23"

**EXRD Audio Stand System design is
based on HRS technology that is
fully compatible with all HRS
Isolation Bases or HRS Chassis
Noise Reduction Products**
